IMPORTANT NOTICE FOR THREE SPRINGS RESIDENTS

The Blasting Safety Plan for the Five Million Gallon Storage Tank Project has been approved by the Division of Safety of Dams (DSOD) and the District. Blasting is anticipated to begin on Monday, April 21, 2014. Up to two blasts per working day may occur between 9 a.m. and 4 p.m. for approximately six weeks. There may be days when no blasting, or one blast occurs. There will be no blasting activities on weekends.

Please visit www.LVMWD.com to learn about the modern blasting methods that will be used for the project and to access the latest project schedule. Be assured the blasting will be done safely with very stringent monitoring and controls. No blasting materials will be stored at the project site.
